

Material Safety Data Sheet

Section 1 – Product and Company Information

Product Name: Tru-Dissolve

Emergency Telephone Number:
InfoTrac: 800-535-5053

Manufacturer: Architectural Enhancements
475 Annandale Blvd
PO Box 1124
Annandale, MN 55302

Telephone Number for Information:
320-274-6909

Date Prepared: 12/24/08

Signature of Preparer: Will Christenson

The Information below is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes.

Section 2 – Hazardous Ingredients

Compound	CAS #	OSHA PEL Total	ACGIH TLV TWA
----------	-------	-------------------	------------------

Contains no hazardous ingredients as defined in 49 CFR 172.101

Section 3 – Physical/Chemical Characteristics

Boiling Point: ~230 F

Specific Gravity: ~1.6

Vapor Pressure: Not Available

Melting Point: Not Available

Vapor Density: >1

Evaporation Rate: ~1

Solubility in Water: Soluble

pH: 2-3

Appearance and odor: Pale yellow odorless liquid.

Section 4 – Fire and Explosion Hazard Data

Flash Point: None

Flammable Limits: LEL, None

UEL, None

Extinguishing Media: Same as suitable for the surrounding materials.

Special Fire Fighting Procedures: None known.

Unusual Fire & Explosion Hazards: None known.

Section 5 – Reactivity Data

Stability/Instability: Stable.

Conditions to Avoid: High temperatures.

Incompatible Materials: Alkaline products and strong oxidizers.

Hazardous Decomposition Products: Not available.

Polymerization: Product will not undergo polymerization.

Section 6 – Health Hazard Data

Symptoms of Over Exposure: Eye contact: Corrosive to eyes with possible corneal damage.

Skin contact: Irritation, discomfort and rash.

Ingestion: May cause corrosion of mucous membranes with stomach discomfort, nausea and prostration.

Inhalation: May cause irritation of mucous membranes and bronchial irritation.

Medical Conditions Aggravated by Exposure: NE

Primary Route(s) of Entry: Skin

Emergency First Aid: Eyes: Flush with water thoroughly for 15 minutes, lifting both eyelids. If irritation persists, get medical help.

Skin: Wash with water then soap and water. Rinse well. Remove contaminated clothing and launder before reuse.

Ingestion: Drink two glasses of water and get medical help. Never give anything by mouth to an unconscious person.

Inhalation: Remove to fresh air. If breathing is difficult, get medical help.

Section 7 – Precautions for Safe Handling and Use

Spill Response: Neutralize with soda ash or crushed lime, and flush to the drain.

Waste Disposal Method: Dispose of in accordance with local and national requirements.

Section 8 – Control Measures

Eye Protection: Goggles.

Skin Protection: wear rubber or vinyl gloves.

Respiratory Protection (Specific Type): Not available.

Ventilation Recommended: General mechanical

Other Protection: None required.

Hygienic Practices in Handling & Storage: Wash hands after handling. Do not contaminate food or feedstuff.

Precautions for Repair & Maintenance of Contaminated Equipment: Not Available.

Other Precautions: Read and observe all label precautions before using.
